

## Becker Avionics Appoints Stefan Gramolla as Chief Executive Officer

Rheinmuenster, Germany, 11th of August 2022.

Effective since 1<sup>st</sup> of July 2022, Stefan Gramolla has been appointed as Chief Executive Officer of Becker Avionics. Our thanks and warm regards to Wolfgang Kuehling, who has been acting as Interim-CEO for the last year.

Stefan Gramolla has more than 20 years of experience in the aviation and communication industry. During his career, he held various managerial positions at Airbus Defense & Space and other companies in the aerospace industry, including COO of EuroHawk GmbH, CEO of MilSatServices GmbH, Head of sites development at Airbus Defense & Space and Head of the Secure Connectivity division at Telespazio Germany GmbH.

“With Stefan we found the right executive for Becker Avionics. As a leader and team player in one person,” said Roland Becker. “Stefan’s extensive background in the industry and his experience in the military sector, especially with the German Armed Forces will help Becker to strengthen partnerships, develop strategic alliances and expand our international sales presence.”

“I am very excited to be joining the Becker team,” said Stefan Gramolla. “Becker is a leader in digital avionics technology, setting the standard in customer-centric, state-of-the-art ground and airborne solutions. I look forward to putting my energy and passion to unlocking Becker’s potential with its team“.

Gramolla received a Diploma in Electrical Engineering from University of Bundeswehr. As a second degree, he keeps a Diploma in Industrial Engineering from University Hagen.
